

**LITTLE LAKE CITY SCHOOL
DISTRICT**

ADDENDUM #1

RFQ No. 21-22-004

Architectural and/or Engineering Services

1. Clarifications/Responses to RFIs:

Question A: Confirm that since the above project is a conceptual RFQ, there are no official documents (i.e., plans and specifications)?

ANSWER: The project or projects are currently conceptual and there are no official documents (i.e., plans and specifications).

Question B: Would the district prefer a full A/E team response, or a separate SOQ response for the Architectural and Engineering disciplines?

ANSWER: This RFQ is for a full A/E Response, not separate.

Question C: Does the District have a standard Owner-Architect Agreement that we can review?

ANSWER: There is not a sample agreement at this time.

Question D: Will there be an RFQ for Commissioning Services?

ANSWER: This RFQ is to have a pool of Architects for architecture services. There are no RFPs for these services at this time.

Question E: We are MEP and Civil Consulting Engineering Firm. Can we submit a proposal?

ANSWER: This RFQ is to have a pool of Architects for architecture services.

Question F: Is there a list of Plan Holders / Interested Proposers available? I'm trying to get in contact with firms to assist them with our professional land surveying services for this RFP.

ANSWER: At this time, we do not see the need for the Architect to include survey and this would be something LMCCI coordinates if there is a project that requires it.
