Such leave shall not be used for

child care, child rearing, or preparation for child bearing, but shall be limited to those disabilities as set forth above. The length of such disability leave, including the date on which the duties are to be resumed, shall be determined by the employee and the employee's physician; however, the District management maintains the options stated in Provision A.4.

7. If an employee is on leave for child rearing and the event of a miscarriage or death of a child subsequent to childbirth, the employee may request an immediate assignment to a position. If there is a vacancy for which an employee is qualified, the District will assign the employee to a position as soon as practicable in the best interests of the District.

Judicial leave shall be limited to five (5) days per year of paid leave. If a unit member is required to serve on jury duty in excess of five (5) days, such leave shall be

2. Such leave shall not exceed sixty (60) days during which the schools of the District are required to be in session, or when the employee would otherwise have been performing work for the District, in any one fiscal year for the same industrial accident.
3. The District has the right to have the employee examined by a physician designated by the District to assist in determining the length of time during which the employee will be temporarily unable to perform assigned duties and the degree to which a disability is attributable to the injury involved.
4. For any days of absence from duty as a result of the same industrial accident, the employee shall endorse to the District any wage loss benefit check from the State Compensation Insurance Fund which would make the total compensation from both sources exceed one-hundred percent (100%) of the amount that the employee would have received as salary had there been no industrial accident or illness.
5. If the employee fails to endorse to the District any wage loss disability indemnity check received on account of the industrial accident or illness, as provided above, the District shall deduct from the employee's salary warrant the amount of such disability indemnity actually paid to and retained by the employee.
6. Allowable leave shall not be accumulative from year to year.
7. Industrial accident or illness leave will commence on the first day of absence due to illness or injury occurring as a direct result of the employee's assigned responsibilities.
8. Industrial accident leave will be reduced by one (1) day for each day of authorized absence, regardless of the compensation award made under worker's compensation.
9. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into the next fiscal year, the employee shall be entitled to only

that amount remaining at the end of the fiscal year in which the injury or illness occurred for the same illness or injury.

H. Leave Without Pay for Other Disabilities

Employees are entitled to leave without pay or other benefits for disabilities when sick leave, as set forth in Provisions A.1 and A.2, has been exhausted. District management may require verification of the extent of the disability.

I. Professional Growth Leave.

1. In the discretion of the District, unpaid leaves of absence may be granted when it is clearly indicated that the leave will assist the certificated employee in developing a greater degree of competence and/or will provide materials, information, or techniques that will measurably improve the instructional program of the District. Leaves of absence to attain professional growth goals and objectives may include enrollment in college and university courses to complete credential requirements, pursue advanced degrees, engage in research projects, or travel. Such leaves shall not include more than two percent (2%) of the certificated staff annually.
2. Certificated employees who wish to be considered for a professional growth leave of absence shall file a detailed outline with their principal or supervisor at least sixty (60) days prior to the beginning of the leave. The outline should include the purpose of the leave, and detail the goals and objectives to be attained. Following review, the principal or supervisor shall submit the outline, together with recommendations, to the Superintendent or designee. If the Superintendent or designee agrees with the request, it shall be presented to the Board. In instances where the two percent (2%) factor is exceeded and the relative merits of two (2) or more requests are equal, the certificated employee with the lowest order of employment number will be given preference.
2. Employees have the option to continue the District-sponsored health and welfare benefits, as specified in Article XXI, at their own expense while on professional growth leave. Employees shall receive no step increment advancement on such leave if the leave exceeds twenty-five percent (25%) of teacher work days.

J. Personal Hardship Leave.

1. An unpaid leave of absence may be granted when, in the District's opinion, it is indicated that a personal hardship or a hardship to the District would result if employment continued.
2. Employees have the option to continue the District-sponsored health and welfare benefits, as specified in Article XXI, at their own expense while on personal hardship leave.

K. Miscellaneous Leave Provision.

1. Employees on leave shall be entitled to return to an assignment consistent with credential qualifications. Employees shall have the right to indicate preferences from a list of known vacancies. Final placement is at the discretion of the Superintendent.
2. Employees on leave must notify the District of their intent to return next year by March 1. The District will provide a forty-five (45) day notice of the March 1 deadline.

L. Association Representative Leave. A designated Association representative shall be entitled to ten (10) days of leave with pay for one (1) school year in order to attend local, state, or national conferences or other Association business. Five (5) additional days will be granted under the above conditions, provided that the Association pays all costs associated with substitutes. Five (5) days advance approval from the Superintendent is required. When advance approval is requested by the Association, the designated representative shall submit a written description of the activity. Such leave should be taken in full day increments, to the extent possible.

M. An employee on an authorized paid leave of absence shall not be construed to have had a break in service.

N. Family and Medical Leave: Employees who have been employed for at least one year and worked at least 1250 hours in the previous school year (July 1 through June 30) shall be entitled to up to twelve (12) weeks of unpaid leave during a twelve (12) month period to care for:

1. The employee's newborn child or a child placed with the employee for adoption or foster care;
2. The employee's spouse, child, or parent (including parent-in-law) with a serious health condition; or
3. The employee's serious health condition.

(A detailed statement from a licensed physician shall accompany a request for leave under Items 2 and 3 above.)

When such leave is foreseeable, an employee shall give the District at least thirty (30) days advance written notice. When the leave is not foreseeable, an employee shall give written notice to the District as soon as the employee is aware of the need for leave.

The District shall continue all group health coverage plans for an employee on such leave at the same level of benefits and under the same conditions that existed while the employee was working. If the District changes a health plan during an employee's leave, the change applies to the employee as if still on the job.

The District may require an employee to sign an agreement regarding his/her intention to return to work. After a leave, the District may reinstate the employee to the same position held before the leave or may transfer or reassign the employee in accordance with policy. If an employee fails to return to duty at the end of the leave, the employee must reimburse the District for the cost of the benefits.

During the unpaid leave, employees shall not accrue sick leave or any other right to leave, but the leave shall not be considered a break in service for seniority purposes.

In providing this leave benefit, the District shall comply with both the regulations of the Family and Medical Leave Act (FMLA) and applicable California law. The least restrictive language applicable to the employee in either the State or Federal Act shall be used in cases wherein there is a conflict in language between the two.

O. Catastrophic Leave

1. A unit member who is, or whose family member (spouse/domestic partner, child or parent/parent-in law), is suffering from a catastrophic illness or injury may request donations of accrued illness leave credits under the catastrophic leave program. Forms may be obtained from a Catastrophic Leave committee member.
2. "Catastrophic illness" or "injury" means a physical illness or injury that is expected to incapacitate the unit member for an extended period of time, or that incapacitates a member of the unit member's family, which requires the unit member to take time off from work for an extended period of time to care for that family member, and taking extended time off work creates a financial hardship for the unit member because he/she has exhausted all of his/her fully paid illness leave.
3. In order to be eligible for the catastrophic leave program, the unit member must have exhausted all current and accumulated fully paid illness leave entitlement; however, they may apply for the leave prior to exhausting fully paid leave. The unit member will be eligible for catastrophic leave prior to taking extended illness leave (100 days of ½ pay).
4. A unit member requesting donated illness days from the catastrophic leave program must complete the Request for Use of Catastrophic Leave form and submit the form to the Association. The Association shall forward a copy of the request to the payroll department to verify the unit member's illness leave balance and eligibility. Upon receipt, the payroll department will complete and return the form to the Association within three working days.
5. The Association shall convene a Committee within five (5) working days of the receipt of the unit member's completed request to use the Catastrophic Leave program. The Committee shall determine the eligibility of the unit member requesting illness days from the program and may request additional evidence to support the unit member's request. The decision of the Committee shall be provided, in writing, to the unit member and the payroll department within five (5) working days of the date the Committee convened and finalized its determination for eligibility. The decision of the Committee shall be final and binding and not subject to the grievance procedure contained in this Agreement.
6. It is not the intent of the Catastrophic Leave program to compensate for routine maternity and/or childcare leave unless it meets the definition of catastrophic illness or injury; and/or for ongoing periodic health problems that are not considered life threatening and/or regular periodic illness. Industrial Accident Leave will not be considered part of Catastrophic Leave.

7. Any permanent unit member who has an equivalent of ten (10) days of earned illness leave may contribute a minimum of one (1) full day in one-day increments, up to a maximum of three (3) full days of their personal illness leave per fiscal year by notifying the Association on the Catastrophic Leave Donation form.
8. Donated illness leave days shall be logged in and time-stamped under the donor's name and deducted from each donor's accrued illness leave on a rotational basis, one (1) day at a time for the duration of the catastrophic leave period. Deducted illness leave days shall not be retrievable by the donating unit member.
9. LLEA agrees to indemnify and hold harmless the District against any and all liabilities, demands, lawsuits, claims, or actions which may be brought against said District or District Board of Education, individually or collectively, its officers, employees, and agents, including, but not limited to, reimbursement for all costs, expenses, fees, settlements, and judgments, and providing an effective defense on behalf of the District against any and all lawsuits or other proceedings arising out of, and in connection with, the Catastrophic Leave.

5. When it is necessary for a representative designated by the Association to process

a grievance or attend a grievance meeting or hearing during the day, the representative will, upon notice to his/her principal or immediate supervisor, be released for a reasonable amount of time without loss of compensation in order to permit participation in the foregoing activities. Reasonable efforts shall be taken to schedule such hearings and meetings outside the instructional day.

6. When a grievance has been filed by an employee, the grievant may terminate the grievance at any time by giving written notice to the Superintendent or designee.
7. The grievant has the right to have a representative present at any step of the grievance procedure. The grievant retains the right to file a copy of the grievance with the Association at any level. The grievant must be present at each step of the grievance procedure.
8. No reprisals of any kind will be taken by either party against an aggrieved person, any member of the Association, or any other participant in the grievance procedure by reason of such participation.

C. Steps. Grievances will be processed in accordance with the following steps:

1. Informal Resolution: Any employee who believes he/she has a grievance shall request a meeting to present the grievance orally to the immediate administrator within fifteen (15) days after the grievant knew, or reasonably should have known, of the circumstances which form the basis for the grievance. Both parties shall sign and date a statement to the effect that an informal conference has been requested. The administrator shall schedule a meeting within three (3) days of the request. It is the intent of this informal meeting that at least one (1) personal conference be held between the aggrieved employee and the immediate administrator. The administrator shall attempt to resolve the matter within five (5) days after the presentation of the grievance. On or before the fifth day, the administrator shall hold a discussion with the grievant to present the proposed resolution of the grievance.
2. Formal Resolution - Step 1: If the grievance is not settled during the informal discussion and the grievant wishes to appeal the grievance, the grievant shall present the grievance in writing to the immediate administrator within five (5) days after the oral decision by the administrator. The administrator shall sign and date that he/she has received the grievance. The administrator shall respond in writing within five (5) days after the receipt of the grievance. The written information provided by the grievant shall include:

Revised: 9-8-17

- a. A description of the specific grounds of the grievance, including names, dates, and places necessary for a complete understanding of the grievance;
- b. A listing of the provisions of the Agreement which are alleged to have been violated or misapplied;
- c. A listing of the reasons why the immediate administrator's proposed resolution of the problem is unacceptable;
- d. A listing of specific actions requested of the District that will remedy the grievance.

3. Formal Resolution - Step 2: If the grievance is not resolved at Step 1, the grievant shall, within five (5) days after receipt of the written decision, present the grievance in writing to the Superintendent or designee. Within five (5) days of receipt of a grievance, the Superintendent or designee shall, if so requested, meet with the grievant in an effort to resolve the grievance. The Superintendent or designee shall make a written disposition of the grievance within twenty (20) days after the filing of the Step 2 grievance. The Superintendent or designee shall have the duty to inform the Board of all grievances appealed to Step 2 and of the proposed resolutions.

4. Formal Resolution - Step 3:
 - a. Grievances which are not settled at Step 2, which the Association desires to move to arbitration, and which involve the interpretation or application of the express terms of this Agreement and policies specified in the definition of "grievance," may be submitted to arbitration as provided in this article, but only if the Association gives written notice to the District of its desire to arbitrate the grievance within twenty (20) working days after the termination of Step 2 of the grievance procedure. It is expressly understood that the only matters which are subject to arbitration under this article are grievances which were processed and handled in accordance with the procedures of this article. The request for arbitration must be accompanied by a clear and concise statement of the reasons for requesting arbitration and a proposed remedy.

 - b. As soon as possible, and in any event not later than ten (10) working days after the District receives written notice of the Association's desire to arbitrate, the parties shall agree upon an arbitrator. If no agreement is reached within said ten (10) days, an arbitrator shall be selected from a panel of arbitrators presented by the American Arbitration Association or a similar organization.

 - c. The arbitrator shall have no power to alter, amend, change, add to, or subtract from any of the terms of this Agreement. The arbitrator shall only find whether there has been a violation of the express terms of this Agreement and, if there is such a violation, to order an appropriate remedy. The findings of the arbitrator shall be based solely upon the evidence and arguments presented to him/her by the respective parties in the presence of each other, except to the extent that post-hearing briefs are filed. Such post-hearing briefs, if any, shall be based solely upon the evidence and arguments presented by the respective parties in the presence of each other. The arbitrator shall conduct the arbitration in accordance with the rules of the American Arbitration Association or by mutual agreement of the parties. Expedited arbitration procedures may be mutually agreed upon in appropriate cases and with the approval of the arbitrator.

 - d. This Agreement constitutes a contract between the parties which shall be interpreted and applied by the parties and by the arbitrator in the same manner as any other contract under the laws of the State of California. The function and purpose of the arbitrator is to determine disputed interpretation of terms actually found in the Agreement or to determine

disputed facts upon which the application of the Agreement depends. The arbitrator shall, therefore, not have authority, nor shall the arbitrator consider it his/her function to decide any issue not submitted or to so interpret or apply the Agreement as to change what can fairly be said to have been the intent of the parties, as determined by generally accepted rules of contract construction. Past practice of the parties in interpreting or applying terms of this Agreement may be relevant evidence, but shall not be used so as to justify or result in what is in effect a modification (whether by addition or by detraction) of the written terms of this Agreement. The arbitrator shall not make any decision or award, or fail to make any decision or award, merely because in his opinion such decision or award is fair or equitable. The arbitrator shall have no power to grant an award on any grievance based on facts or actions which occurred before or after the term of this Agreement.

- e. The findings and award of the arbitrator, which are within the limits herein prescribed, shall be final and binding on all parties.
- f. All fees and expenses of the arbitration, including the costs of a reporter's transcript if either party requests the same, shall be shared equally by the parties, fifty percent (50%) District and fifty percent (50%) Association. Each party shall bear the expense of the presentation of its own case.
- g. The arbitrator may hear and determine only one grievance at a time, unless the parties mutually agree to consolidate similar grievances.

Academic Freedom and Professional Responsibility

- A. Academic freedom is both a privilege and a right bestowed by a free society upon members of the academic profession. Professional responsibility requires good faith and integrity of the teacher in the search for truth and a high degree of objectivity in the examination, verification, and presentation of facts to students. Where the teaching goes beyond fact, it must be labeled as a point of view or opinion and it must be acknowledged that other views and opinions may exist. It is the special task of the teacher to foster and to encourage among students those habits of open mindedness and critical inquiry which make for responsible citizens.
- B. It is the policy of the District that all instruction shall be fair, accurate, objective, and appropriate to the age and maturity of the student(s) and sensitive to community needs and the needs and values of our diverse cultures and heritages. Academic freedom is essential to the fulfillment of this policy and the District acknowledges the fundamental need to protect teachers from any censorship or restraint which interferes with a teacher's obligation to pursue truth in performance of their teaching functions.
- C. A teacher shall have reasonable freedom in classroom presentations and discussions and may introduce political, religious, or otherwise controversial material, provided that said material is relevant to the course content and within the scope of the curriculum and of the law.
- D. In performing teaching functions, teachers shall have reasonable freedom to express their opinions on all matters relevant to the course content, in an objective manner. A teacher, however, shall not utilize his/her position to indoctrinate students with his/her own personal, political, and/or religious views.
- E. The personal life of a teacher is not an appropriate concern of the District for purposes of evaluation or disciplinary action, unless it interferes with the teacher's performance of his/her duties.

Units earned prior to the bachelor's degree shall not be considered for salary placement.

The accreditation status of a college, university, or private school at the time the degree or units are earned shall prevail. Previous or subsequent accreditation shall not be considered.

- C. **Vertical Movement.** All teachers shall advance one vertical step on the salary schedule for each year of service, except those whose placement is at the maximum step for their class. Half-year units of experience credit will be granted upon approval. At no time, including times when the salary schedule is modified, shall a teacher advance more than one step per year.

Teachers who have been employed in the regular educational program of the District as probationary or permanent teachers before being subsequently assigned to programs conducted under contract with public or private agencies or other categorically funded projects, will be entitled to continue vertical advancement on the salary schedule for each year of service while assigned to such restricted programs.

D. **Horizontal Movement.** Course credit for salary placement and movement shall be given only for course work taken after receipt of a bachelor's degree at community colleges, four year colleges, universities, or graduate schools which are accredited by a regional accrediting commission and for courses and approved programs that have received prior approval from the Assistant Superintendent, Educational Services. The decision of the Assistant Superintendent, Educational Services may be appealed to the Superintendent of his or her designee.

Courses taken will apply toward salary advancement if they meet one or more of the following criteria:

1. The course or courses are taken at the direction of the evaluating administrators.
2. The course or courses are in the skill subject field, reading, arithmetic, language arts, or a subject within the adopted curriculum of the Little Lake City School District.
3. The course is offered in the school district and has been initiated by Educational Services.
4. Committee work, workshops, and inservice training activities have been designated for column change credit by Educational Services. The number of column units will be assigned in each instance by Educational Services, subject to approval by the Board of Education.
5. The college or university course or courses are requirements for an advanced degree in an area of instruction with the Little Lake City School District curriculum.
6. The college or university course or courses if required for an advanced credential authorized by the State of California for services in the schools of the State or an advanced degree not in a designated area of the curriculum of the Little Lake City School District, shall be considered for column change credit.

All grades received for college or university courses completed will be accepted if they meet the following criteria:

1. C grade or better when the A through F five point scale is used.
2. A notation such as "for credit" or "passing satisfactory" when a descriptive word is used.

Semester hours (units) as defined by the particular accredited college or university will be acceptable for placement on the salary schedule. Quarter hours (units) shall be converted to semester hours (units) by multiplying the total of such hours (units) by two-thirds.

The column change request must include all necessary verified and certified documents. If a teacher is unable to submit supporting records or transcripts verifying post-graduate units of study that apply toward reclassification, official notice in the form of a grade card or letter from the college or institution shall be submitted. Such temporary verifications that indicate satisfactory completion of the course of courses shall be sufficient to meet the above requirements.

The teacher shall provide the official transcript or affidavit document to the District as soon as it is available, but no later than one month after the request is submitted.

The burden of proof of training, experience, possession of credentials and other required documents shall lie with the teacher, both for initial placement and for subsequent reclassification. Any error in classification shall be corrected as soon as the error is verified.

Audit courses will not be accepted as training credits valid for salary schedule placement or reclassification. Credit will not be accepted for course work taken in the conjunction with an accredited college or university which sponsors travel tours for credits must have such credit assigned upper division or graduate status, assigned a course title, and be given unit value.
